

CONTENTS OF THE VOLUME 53, 2014

No. 1

- 1–12 **Bone soup: protein nutrition and enzymatic hydrolysis process optimized by response surface method**
Zhang, Y. – Wang, W. – Wang, X. – Zhang, J.
- 13–21 **Development of reduced-fat and reduced-energy dark chocolate using collagen hydrolysate as cocoa butter replacement agent**
Tayefe Ashrafie, N. – Azizi, M. H. – Taslimi, A. – Mohammadi, M. – Neyestani, T. R. – Mohammadifar, M. A.
- 22–30 **Phenolic composition, antioxidant activity, mineral content and antimicrobial activity of fresh fruit extracts of *Morus alba* L.**
Dimitrijević, D. S. – Kostić, D. A. – Stojanović, G. S. – Mitić, S. S. – Mitić, M. N. – Đorđević, A. S.
- 31–38 **Comparison of molecular structure and selected physicochemical properties of spelt wheat and common wheat starches**
Nowak, E. – Krzeminska-Fiedorowicz, L. – Khachatryan, G. – Fiedorowicz, M.
- 39–50 **Conjugated linoleic acids in diet of female rats inhibit the breast cancer formation in their offspring**
Bialek, A. – Tokarz, A. – Zagrodzki, P.
- 51–59 **Characterization of flours made from peach palm (*Bactris gasipaes* Kunth) by-products as a new food ingredient**
Bolanho, B. C. – Danesi, E. D. G. – Beléia, A. D.
- 60–70 **Impact of different alkaline-heating processes on technological and nutritional properties of maize tortillas**
Méndez-Albores, A. – Zamora-Rodríguez, D. – Arámbula-Villa, G. – Vázquez-Durán, A. – Moreno-Martínez, E.
- 71–80 **Colour, bioactive compounds and antioxidant capacity of mixed beverages based on fruit juices with milk or soya**
Andrés, V. – Villanueva, M. J. – Mateos-Aparicio, I. – Tenorio, M. D.
- 81–95 **Chemical fingerprinting as nutraceutical quality differentiation tool in *Asimina triloba* L. fruit pulp at different ripening stages: an old species for new health needs**
Donno, D. – Beccaro, G. L. – Mellano, M. G. – Cerutti, A. K. – Bounous, G.
- 96 Book reviews

No. 2

- 97–104 **Evaluation of different methods for DNA extraction from milk**
Volk, H. – Piskernik, S. – Kurinčič, M. – Klančnik, A. – Toplak, N. – Jeršek, B.
- 105–116 **Effect of different drying methods on drying characteristics, colour and microstructure properties of mushroom**
Izli, N. – Isik, E.
- 117–126 **Quality of apple-whey and apple beverages over 12-month storage period**
Jaworska, G. – Grega, T. – Sady, M. – Bernas, E. – Pogoń, K.
- 127–136 **Physicochemical and bioactive properties of the fibrous fraction of hard-to-cook black bean (*Phaseolus vulgaris* L. var. Jamapa)**
Sandoval-Peraza, M. – Betancur-Ancona, D. – Chel-Guerrero, L.
- 137–142 **Evaluation of volatile compounds in chicken breast meat using simultaneous distillation and extraction with odour activity value**
Ayseli, M. T. – Filik, G. – Selli, S.

- 143–151 ***Staphylococcus aureus* in unripened ewes' lump cheese. Part 1: Exposure assessment after first 24 h of fermentation**
Ačai, P. – Valík, L. – Medvedová, A. – Studeničová, A.
- 152–161 **Effects of pseudocereals, legumes and inulin addition on selected nutritional properties and glycemic index of whole grain wheat-based biscuits**
Vujić, L. – Vitali Čepo, D. – Šebečić, B. – Vedrina Dragojević, I.
- 162–170 **Utilization of citrus albedo in tarhana production**
Bilgiçli, N. – Aktaş, K. – Levent, H.
- 171–179 **Antioxidant and nutritional potential of cookies enriched with *Spirulina platensis* and sources of fibre**
Bolanho, B. C. – Egea, M. B. – Jácome, A. L. M. – Campos, I. – de Carvalho, J. C. M. – Danesi, E. D. G.
- 180–188 **Effect of different extraction conditions on the antioxidant potential of baru almonds (*Dipteryx alata* Vog.): comparison to common nuts from Brazil**
Borges, T. H. – Rodrigues, N. – de Souza, A. M. – Pereira, J. A.

No. 3

- 189–206 **Improvement of nutritional and functional properties of extruded food products**
Obradović, V. – Babić, J. – Šubarić, D. – Ačkar, Đ. – Jozinović, A.
- 207–216 **Fractal and physico-chemical analysis of cows' milk fat globules after lipolysis**
Smoczyński, M. – Kielczewska, K.
- 217–223 **Survival of selected bacteria from the genus *Arcobacter* on various metallic surfaces**
Šilha, D. – Hrušková, L. – Brožková, I. – Moťková, P. – Vytřasová, J.
- 224–231 **Effect of lactic acid bacteria on the growth dynamics of *Geotrichum candidum* in fresh cheeses during storage**
Šípková, A. – Valík, L. – Liptáková, D. – Pelikánová, J.
- 232–239 **Effect of roasting on antioxidant and anticholinesterase capacities of coffee**
Yilmaz, P. K. – Hacibekiroğlu, I. – Kolak, U.
- 240–250 **New potential of using millet-based yeast-fermented leaven for composite wheat bread preparation**
Różyło, R.
- 251–259 **Quick estimation of dietary exposure to heterocyclic aromatic amines and acrylamide in a Croatian female population**
Klapec, T. – Periš, D.
- 260–270 **Effects of temperature and immersion time on rehydration of osmotically treated pork meat**
Pezo, L. L. – Šuput, D. Z. – Lević, L. B. – Cvetković, B. R. – Kovačević, O. A.
- 271–277 ***Staphylococcus aureus* in unripened ewes' lump cheese. Part 2: Exposure assessment at the time of consumption**
Ačai, P. – Valík, L. – Medvedová, A. – Studeničová, A.
- 278–290 **Bioactive compounds and antioxidant capacity of yellow Yinzen tea affected by different extraction conditions**
Mihelj, T. – Belščak-Cvitanović, A. – Komes, D. – Horžić, D. – Tomašić, V.

No. 4

- 291–303 **Impact of socio-economic factors and nutritional education on the composition of daily diet of university students**
Szczuko, M. – Seidler, T. – Gutowska, I. – Stachowska, E.
- 304–312 **Influence of different nutrition conditions on main volatiles of wine yeasts**
Furdíková, K. – Ševcech, J. – Ďurčanská, K. – Hronská, H. – Malík, F.

- 313–323 **Physicochemical, nutritional and sensory properties of deep fat-fried fortified tortilla chips with broccoli (*Brassica oleracea* L. convar. *italica* Plenck) flour**
Vázquez-Durán, A. – Gallegos-Soto, A. – Bernal-Barragán, H. – López-Pérez, M. – Méndez-Albores, A.
- 324–332 **γ -Glutamyl-transferase, xanthine oxidase and total free sulfhydryls as potential markers for pasteurization treatments in dairy technology**
Vetsika, F. – Boukidi, K. – Roussis, I. G.
- 333–343 **Investigation of active ingredients in red wines transferred into non-aqueous media**
Slováková, M. – Ševcech, J. – Furdíková, K. – Rapta, P.
- 344–352 **The effects of seasonal dynamics on sensory, chemical and microbiological quality parameters of vacuum-packed sardine (*Sardinella aurita*)**
Durmuş, M. – Polat, A. – Öz, M. – Ozogul, Y. – Uçak, I.
- 353–362 **Identification of volatile organic compounds in honeydew honeys using comprehensive gas chromatography**
Jánošková, N. – Vyvířská, O. – Špáňík, I.
- 363–370 **The timing of introduction of solid foods and food type during the first year of life in children in Qazvin, Iran**
Noroozi, M. – Zavoshy, R. – Jahanihashemi, H. – Hadibgyi, E.
- 371–388 **Orange juice with pulp: impact of pasteurization and storage on flavour, polyphenols, ascorbic acid and antioxidant activity**
Sádecká, J. – Polovka, M. – Kolek, E. – Belajová, E. – Tobolková, B. – Daško, Ľ. – Durec, J.

Short communications

- 389–392 **Staphylococcal enterotoxin production in model samples of milk and fresh cheese**
Bohdana Janštová – Lenka Necidová – Alena Skočková – Bohumíra Janštová
- 393–395 Contents of the volume 53, 2014
- 396 Reviewers 2014
